BELLEVILLE, MONDAY, JAN. 8.

CITY AND DISTRICT.

City Council to-night.

Railway travel is very slack at present.

Five tramps sought protection in the cells last night.

The river is gradually closing in the vicinity of the foot bridge.

The County Council will meet for organization on Tuesday, the 23rd inst.

A record of the ballote in the Municipal election, Kingston, will be placed this week.

The Ontario Tea Traders' Association will meet at Lindsay on Thursday, Jan. 11.

Sleighing around town is very good for light rigs, but in the country it is of the season's order.

There was quite a crowd of country people in the city on Saturday, but merchants say the receipts were small.

The officers of Misses' Lodge No. 127, I.O.O.F., will be initiated this evening.

Rev. Mr. Armstrong, D.D.G.M., Trenton.

Haines and Lockett are closing the Fuller Store this week. Goods are now being packed and to be distributed to the other branch stores.

Wm. E. Hawley, aged 19 years, died at the residence of his father, Foster, on Sunday.

The deceased was being killed for a number of years from consumption.

Two drunks—James Palmer, of Prince Edward, and Robt. Douglas, of York, were arrested on Saturday.

The Mayor treated them \$2 or ten days each.

Miss Pao, Alexander's sister, while making purchases on the market on Saturday last, her hand bag containing a purse and a place of work. The purse contained about \$5.

On Feb. 9th a convention of gentlemen interested in road reform and the improvement of our public highways, will be held in the building of the Canadian Institute, 65 Richmond St. east, Toronto.

The Oddfellows of Plainfield will give an oyster supper and entertainment on the 10th. Messrs. W. R. Norman, M.P., A. Lacombe, W. O. Mikel and Geo. Tidmore will assist in the programme.

Brookfield general with a bottle of Ayer's Cherry Pectoral, and so have the means at hand for confounding scrofula with a sudden cold. As an emergency medicine, it has no equal, and leading physicians everywhere recommend it.

The police have been notified to be on the lookout for barbers who work on Sunday. The Chief yesterday surprised one of them at work; one of them claimed that he was only shaving his brother, and the other had the morning shaved his friend, leaving nothing but the sign.

The Brookfield Times says: Talking about robbers taking the money from the proprietor of the grocery on King street east, says one comes to his back every day to be fed. Where his night quarters are Mr. Healey does not know.

The confounding accusation of bolts, plumes and ereptions from which many suffer, is due to an impure state of the blood. The most effective remedy is Ayer's Serrapilla. It cleans the system thoroughly through the natural channels, and leaves the skin clean and clear.

Master George Maher was presented with a medal on Saturday morning by the Mayor, for his services in the fire.

Post barracks, Kingston, by Quartermaster-General Lucas. The medal is given for good conduct and leading service and brings with it an annuity of £10 sterling per annum from the Master-General's pension.

The oil of the Norwegian God is the nature's grand restorative, and is only found in the entirety and purity in Miller's Emulsion, "the kind that does the work," coughs, bronchitis and all affections of the throat and lungs. Every bottle warranted. No spurious like others. Big bottles, 50c and \$1.00, at druggists.

"FROST BITES" are usually, a nose or ear swollen to twice its usual size, no more than a redness. It is comfortable. After trying many "cures" we came back and award the palm to FROST BITES. They are "the old reliable," which afford relief quicker than any other thing we know of. Big bottles, popular price 50c.

The Lindsay Watchman says: A Peterborough tailor who stole \$25 from the pocket of a Peterborough printer was sent to jail for a short term. The thief had been sent to penitentiary for a life for stealing the printer's earnings of a lifetime. The Peterborough paper that reported the case, is delighted, as it is rumored that the man who lost the money was about to start another daily paper.

THE NAPANEE MURDER.

PRELIMINARY HEARING BEFORE MAGISTRATE DALY.

A Number of Witnesses Examined, including the Prisoner's Wife—King Witness on the Stand—The Michigan Branch of the Case.

NAPANEE, JAN. 8.—The examination of Barney King, charged with the murder of Angus McLeod last September, is being held to-day at the Court House here before Magistrate Dalry.

Several witnesses have been examined, since which was the wife of the deceased. The examination will probably occupy the greater portion of the day.

PORTAGE, Mich., Jan. 8.—James Warren, a Napanee, Ont., lawyer, is looking up evidence in behalf of Barney King, now under arrest at Napanee on the charge of having committed a murder there on Sept. 14th. Mr. Warren says King was at that time in Portage and on the next day secured work in the shop of James McKean. Unfortunately for King, McKean does not keep a very accurate set of books, so that the only entry to which King was employed there is an entry of \$10 paid Sept. 22nd.

AMONG THE CHURCHES.

Services at the Various Places of Worship Yesterday.

The minister of St. Andrew's church, Rev. M. W. Maclean, M.A., preached to large congregations yesterday. The choir under Mr. McKean rendered two anthems the evening solo being taken by Mr. A. Gillen. The subject of the impressive morning service was individual determination and purpose to intensely press on to the work, based upon Psalm 119—81, "My soul cleaveth for Thy salvation, but I have not Thy word, mine eyes are full of Thy word."

The subject of the evening service, based upon Luke 14:33—35, "The church of the living God—the pillar and ground of the truth. It is the spirit not the quality, but the quality that makes a church 'large and influential.' By the grace of gratitude and for the sake of the world as well as for our own should help, not burden—we should work continually, not spasmodically, and bring our wills in harmony with the Divine will."

The Rev. J. L. George occupied the pulpit at both services, the evening service being held at the Methodist church yesterday. In the morning communion was administered. The choir in which Mr. and Mrs. Campbell took solos in their usual finished style.

The services in St. Thomas' church were well attended yesterday. Rev. Canon Burke preached an impressive sermon in the morning. In the evening Mr. Fowler preached.

Since the days of the Rev. John Wesley, the Methodist church has not apart the first Sunday in the New Year as "Governor Sunday."

It is said that Mr. Wesley got the idea from the Methodists, as among the "Love Feast." Anyway the "class meeting," love feast, and "covenant service" are generally regarded as among the "penitentials" of Methodism, the first being held weekly, the second, quarterly, and the last, annually.

was covenant Sunday in Bridge st. church, and the last service, which was Sunday school services the idea of the covenant ran through them all. The sermon by the pastor was on the same line, the title of the morning one being "The secret of success in Christian work," and in the evening, "How to attain it." The sermon was read and fervid expiations of the office and work of the Holy Spirit. The attendance at all the services was large, and for some time, at Sunday school there being 546 present. In the evening the service was well attended, and the Sacrament of the Lord's Supper was partaken of, and then nine new members were received to the fellowship of the church.

The services in Christ Church were conducted by Rev. A. L. Goss in the evening. Miss Mabel Wilson, the organist, being absent, the service was most acceptably filled by Mr. Biggell.

The services in the Tabernacle yesterday were attended by a large number of evangelists, preached a powerful sermon in the morning, and in the evening Mr. O'Connell, assisted by the Rev. Mr. O'Connell, preached a powerful sermon.

The statistical report of Bridge St. Sunday School for 1893, was read yesterday. The average attendance had been 450—an increase of 8 over '92. 303 new scholars were added to the roll, as against 177 the previous year, and 374 visitors attended, an increase of 100 over the previous year.

LITERATURE.

THE CANADIAN MAGAZINE VOL. 2, NO. 8, JANUARY, 1894.

The present number presents a fairly interesting variety of material. Among the original Longley, of Nova Scotia, gives a spirited sketch of the career of Joseph Howe, the great Liberal leader of his province. Mr. J. K. Kelso puts in a strong plea on behalf of neglected and friendless children. Mr. G. E. Lamont tells us about common telephones and what they will do. Under the title of "Two Lost Kingdoms," Mr. E. R. Biggar tells the melancholy story of the death of the Prince Imperial, the only son of the Emperor Napoleon III. (Illustrated). There are thirteen other articles, of which "A Plea for the Abolition of the Slave Trade," "Canada's National Park," and others are most interesting. Judge Frazer's article on the Algonquin Indians is very readable. Altogether the number will well repay perusal.

There will be a carnival at the skating rink on Friday evening. Full particulars in advertising columns.

Mr. John Fortin is preparing the plans for the rebuilding of John Lewis' block, lately destroyed by fire.

Mr. H. Corby, M.P., is negotiating with Mr. R. Foster for the erection of an electric light plant at Massena Park.

The funeral of the late John Haywood took place yesterday afternoon, and was largely attended. Rev. Canon Burke officiated at the funeral. The remains were interred at the cemetery.

The G. & J. Brown Manufacturing Co. have on hand a contract for 100 lb. of ballers for Babcock & Wilcox, of England. The contract was obtained through Mr. E. C. French, Deseronto, the Company's agent for Canada. They have also about \$20 worth of bridge to build for western Ontario.

Capt. Smith, Ottawa, and Mr. Hayden, St. Catharines, have been appointed members of the city in the city. They are arranging for the purchase of timber to rebuild the bridge and dredge that was destroyed. They will also meet Mr. Corby, M.P., and the Harbor Commissioners, to arrange for the work to be done in the harbor next year.

Correspondence.

Whilst correspondence will be accepted space for the expression of their ideas on topics of public interest, it must be in all cases understood that the views so expressed are simply those of the correspondents themselves.

That Letter of Aid, Diamond's.

To the Editor of the Intelligencer.

Sir,—In reply to a letter over the signature of W. J. J. Diamond, which appeared in your paper last Saturday evening, I wish to call your attention to a few facts.

In the first place Mr. Diamond made the statement that there were \$200 due the City for taxes on the lands known as the "Agricultural grounds."

This statement I wish to inform you is utterly false and Mr. Diamond would have done well to have found out what he was talking about before making such a statement to the public.

If I mistake not, this gentleman sat at the Council Board in the year 1892, when he requested the West Hastings Agricultural Society (not loan company) the taxes on this property were remitted for the years 1891 and 1892. I paid the taxes for 1893 myself nearly two months ago and was provided the collector's receipt to prove what I say.

This company, which Mr. Diamond so much boasts, has no deal to do with the City. It has never asked the City Council to give them a grant or to remit any taxes. It has had some business with the West Hastings Agricultural Society, however, and has asked this society what they considered a fair amount of money for the use of the grounds. If the Agricultural Society feel that the City is to be paid for the use of the land, they will pay for it, and it is no reason why we should pay for it. This is the same member of the City Council should take up the matter to fight the Loan Company. He has no right to ask for it what they choose. Now who is this man that wants to add another "such man" as Mr. Diamond to the other interest that might possibly conflict with the City of Belleville?

Why this man is the Secretary-Treasurer of the Board of Education, a paid servant of the City, and he is at the Council Board and votes his own salary. This is the same man I believe who but a few years ago, when seeking the City Council, he intended to pay the Collectors of Taxes nearly \$2,000 and opposed with all the force of his little nature the reduction of the rate from \$800, the present commission paid, and which amount the Collector is too happy to pay.

Of course Mr. Diamond accomplished his purpose in the writing of his letter. He is of course would not consent for votes. He said so, and his word is good. He did not need to inform the electors that on Monday they were to be allowed to vote for him, that he at first opposed the reduction of rates because Aid. Wells and not Aid. Diamond made the motion.

The electors pretty generally know that he opposed it, as he does everything else that he does not propose.

Very evidently his purpose was to sneak a letter into the papers the last day in the afternoon when the most of the people were writing had no opportunity to reply.

Mr. Editor, I should not have asked space in your valuable paper to reply to that letter, which so highly enlightened the public, had not the author of it made it a personal matter against me in bringing my name before the public in a false light.

Yours truly,

JAMES A. CHISHOLM.

SPORTING NEWS.

Aburnham has organized a hockey club. Lord Aberdeen skipped one of the rink in a curling match in Toronto. His risk was broken one shot, but the Governor General made a number of well judged and accurate shots. (W.H.B. Biggar, M.P.P.).

Eddie Duran (Hawthorn's nephew) has his ambition to go to England and row some of the college rowing teams in the city.

He will communicate with parties in England, and if they advise him to make the trip he will go over in the spring.

The Admiral.

Of a man of war is the king on board his vessel—the Admiral Aler is the King of the City—true, but try. Taxes, Wood & Co., Montreal.

Not A Fair Comparison.

Very often you hear a man say "Oh, ready-made clothing is no good. I have tried it." This man has bought a \$5 ready-made, and because it did not wear him 3 years, he went next time and paid \$20 to have a suit made to order. This is not fair to the Old Tail, as we only ask you to pay \$8 to \$12 to get a first class suit from us.

Get the Bear.

The public are too intelligent to purchase a worthless article at a second time, on the contrary they want the best. Physicians are virtually unanimous in saying Scott's Emulsion is the best form of cod liver oil.

A Flat Contradiction.

With reference to an article which appeared in the Ontario on Saturday night, the fact that the gas works, under the supervision of the gas works, have stated that gas could be furnished in Belleville at \$1 per 100 ft. with profit to the manufacturers. The best evidence that such is not the case is found in the fact that the works did not pay Mr. Pearson less than them. Those who wish to try the experiment can readily secure the opportunity by purchasing the stock of the company, which can be had at a very low figure.

Probably had Mr. Pearson succeeded to Mr. Gorman's request for a special price for the stock, the Ontario would not now be attacking him.

The statement that Mr. Pearson intended to prevent the passing of the bill for the Belleville street railway is also declared by the gentleman to be untrue.

HOOPER'S TRIAL CONTINUES.

Another Deluded Victim to Appear at the Trial.

THE DEPOSITIONS OF DEAD MEN.

Another Important Deposition for the Prosecution given by Judge Delorme.

The Evidence, Whipped at the Preliminary Trial of the Accused Wife, Now Being Repeated.

JOULETTE, Que. Jan. 10.—Dr. Corbett, of Port Hope, returned to Joliette last night from Montreal, where he has been analyzing the embalming fluid found at the grave of deceased Mrs. Hooper. It was found to be ordinary embalming fluid.

There is a new sensation in the Hooper case. It is the fact that Mrs. Hooper, of Port Hope, Ontario, who is the wife of the accused, has been found to be a deluded victim.

THE ALLEGED ABORTIONIST.

Three Young Men Lose Their Lives in Toronto Bay.

Toronto, Jan. 10.—Last evening, while a number of people were skating on the frozen water, three young men, named Owens and Coombs, went too far from the shore, and were drowned.

The two young men, Edward Nuttall and William Lewstons, went to the rescue and attempted to save them. They also fell into the water, but were rescued.

The body of Owens was quickly recovered, but that of his friend and in a while the graying iron caught the corpse of Coombs.

The rescue was working from a small rowing boat, up to a float suspended by a crane. Just as the second body was being landed the chain snapped, and the two young men were drowned.

Some twenty-five people who were standing on it joined in a terrible struggle for the bodies.

Coombs' body was lost in the struggle and was not recovered until this morning. All but one of the persons who were present in the water were rescued.

Many had very narrow escapes. The person who was still in the water was rescued. His body was still in the water.

Those Who Lost Their Lives. James Owens, aged 19, son of Mr. Harry Webb's restaurant. Resided with his sister, Mrs. Armstrong, at 79 Trenchard street.

Coombs, a young man about 20 to 25 years of age. Address unknown: body recovered at 10 p.m. and was found in his arm; was missing after the collapse of the float and was seen to sink twice.

OTTAWA, Jan. 10.—In the Excelsior Court yesterday Justice Burrows gave a very important judgment, affecting the Canadian patent law. It was in the case of the Queen v. Laforte. This was an action to recover the patent granted to Mr. Laforte, of Toronto, for pneumatic tires.

It was the defendant who, on an order from the Queen, had secured the patent. The patent was granted to Laforte, the former had his invention in the United States before Laforte had secured his patent in Canada.

JOHN G. FROST

NOTICE is hereby given that Joseph
Thompson, of the City of Belleville, in
the County of Hastings, Ontario, has
been appointed Receiver of the
Estate of the late John G. Frost, deceased,
in the County of Hastings, Ontario.
The said Joseph Thompson is a resident
of the City of Belleville, Ontario.
Dated at Belleville, Ontario, this 12th day of
January, 1884.

Over the Road.
The public are too impatient to purchase
a worthless article, a second time, on the
contrary they want the best. Physicians
are virtually unanimous in saying that
Emulsion is the best form of Cod Liver Oil.

The swan lives longer than any other bird.
Mrs. M. J. Long, Bathurst, Ont., writes—
"I was one of the greatest sufferers from
coughs with a disordered liver. I tried
everything that could be done through medical
skill, but without result. As a last resort,
I tried Emulsion. I have now a strong
voice bearing witness to its efficacy. I have
the wonderful Emulsion in my house, and
I am sure it will cure all the ailments of
lungs and throat. It is, in fact, it is our
family medicine."

WITNESS FAINTS IN THE BOX
The Emulsion in the Hooper Case
Keels Over While Testifying.

HOOPER'S VERACITY NOT RELIABLE.
He Told One Witness That His Wife Died
in a Pullman Car, and That a General
Service Man Performed in Quebec—
His Veracity Will Give Our Readers
To-day.

JOHNIE QUA, Jan. 13.—A sensation
was caused in the Hooper trial yesterday
by one of the witnesses fainting. George
E. Hooper, professional emulsionist, of
Ottawa, was in the box giving evidence
yesterday. He fell back in a faint.
Several minutes rushed to his assistance,
but he recovered. He is not a strong man.
The first witness was Mr. David Mat-
thewson, superintendent of the savings
bank. He testified that the accused had shown him
a telegram stating that "your wife died
in a Pullman car, and I am sure it is
true." He returned to work on
January 12. His reputation was
good.

Mr. Francis Cooper, of Port Hope,
replied to a conversation with Hooper
on the day of his wife's funeral. He stated
that death had been caused by heart dis-
ease, although he had suffered from can-
cer of the uterus. He added that she had
died in a Pullman car, and that a general
service man had been in the Province
of Quebec.

Alfred William George, undertaker,
of Port Hope, gave evidence as to burying
the body of Mrs. Hooper. The body was
driven to the grave in a wagon, and ac-
cused that he had been caused by heart dis-
ease. There was no service held over
the body in Port Hope.

Dr. James Stewart, one of the professors
of McGill College, gave evidence as to
the body of Mrs. Hooper. He testified
that the body was in good condition, and
that he had seen it in the Province of
Quebec. He also testified that the body
was in good condition, and that he had
seen it in the Province of Quebec.

Dr. J. M. DeLoe, of Port Hope,
gave evidence as to the body of Mrs.
Hooper. He testified that the body was
in good condition, and that he had seen
it in the Province of Quebec. He also
testified that the body was in good
condition, and that he had seen it in
the Province of Quebec.

Dr. J. M. DeLoe, of Port Hope,
gave evidence as to the body of Mrs.
Hooper. He testified that the body was
in good condition, and that he had seen
it in the Province of Quebec. He also
testified that the body was in good
condition, and that he had seen it in
the Province of Quebec.

HON. A. M. ROSS' STATEMENT.
Interviewed With Regard to the Domini-
on-Ontario Disputes.

OTTAWA, Jan. 13.—Hon. A. M. Ross, ex-
territorial treasurer of Ontario, was inter-
viewed yesterday in regard to a statement
made in a morning newspaper reprobation
going on, that Ontario was worth \$1,800,000
to the Dominion. Mr. Ross said:

"Now, according to the statement made
up for the arbitrators in the case, the
amount due the Dominion by the province
was \$1,844,000, and \$1,800,000, as stated
by the arbitrators. The former amount, which
is the correct one, leaves out of account
the \$44,000 which Ontario is entitled to
under the act of 1884."

"Mr. Harcourt in his financial statement
did not include the \$44,000, but the
general balance from the Dominion
to Ontario of 1883, as agreed upon by
John Thompson and Mr. Foster at the
conference between the provinces and the
Dominion, was \$1,844,000. The Dominion
now asks the arbitrators to declare
that the \$44,000 was not included in the
general balance, and that the amount
due Ontario is \$1,800,000."

"The arbitrators will be asked to
declare that the \$44,000 was not included
in the general balance, and that the
amount due Ontario is \$1,800,000. The
arbitrators will be asked to declare that
the \$44,000 was not included in the

The Young Men's Liberal Conservative Club met at Mikel & Robert's last Tuesday evening and adjourned until Tuesday evening next at the same hour and place. A full attendance is requested.

Harry Cummings, who was charged with stealing a grocery, was brought before Magistrate Fitt this morning and given a suspended sentence of three years to the reformatory.

Last week the Board of Managers of the Presbyterian Church, Niagara, materially reduced the indebtedness on the church by paying \$500 principal and \$75 interest on the debt. This leaves but \$1000 remaining.

Provide yourself with a bottle of Ayer's Cherry Pectoral, and so have the means at hand for combating colds, coughs, and croup. As an emergency medicine, it has no equal, and leading physicians everywhere recommend it.

James Squire, of Bloomfield, is the owner of a Jersey cow which, from May 1st to December 31st produced 100 lbs. of butter worth \$60.50, and 308 qts of milk worth \$15.40, making a total value of \$75.90. This is a great record.

The emotional excitement of bells, clumps and eruptions from which many suffer, indicates an impure state of the blood. The most effective remedy is Ayer's Sarsaparilla. It expels the poison harmlessly through the natural channels, and leaves the skin clear and clear.

Now we need that tobacco as efficacious as a cholera preventive, and that the healthiest and most economical in the market. In the saluta of a tobacco chewer. And when we think of some tobacco chewers it is not a matter for wonder.

Tifton post office, situated in Seymour township, about five miles northwest of Hamilton, has been closed, on account of the difficulty of securing a postman, no one, it would seem, being willing to act in the capacity for the salary attached to it.

It is a safe course for a man never to increase his indebtedness unless he has sufficient assets to meet the interest. Many men, however, are in a state of financial confusion. In a similar economical way, Alderman and Wood have been nearly driven to the community.

DEAR SIR.—I have suffered very much from scrofula and bad blood for seven years past. Six months ago I commenced using B. B. B. internally and externally and can now say that I am entirely cured, and have been so for some time. To all sufferers I recommend B. B. B. as an excellent remedy for scrofula.

Sir, —I had such a severe cough that my throat felt as if scraped with a rasp. On taking Dr. Wood's Norway Pine Syrup I found the first dose gave relief, and the second bottle completely cured me.

Cold and Kidney Difficulty.—Mr. J. W. Wilder, J. P., Ladysville, N. Y., writes: "I am subject to colds and kidney difficulty, and find Chamberlain's Pills afford me great relief. They are the best medicine I have ever used. In fact, so great is the power of this medicine to cleanse and purify, that it drives out almost every ailment and restores me to the body."

Beware of desperate sales; the darkest day will still to-morrow, will be passed away.

Mr. T. J. Hume, Columbus, Ohio, writes: "I have been afflicted for some time with kidney and liver complaint, and find Chamberlain's Pills the best medicine for the disease. These pills do not cause pain or griping, and should be used when a cathartic is required. They are pleasant to take, and give the patient a pleasant, agreeable taste."

THE PARISH COUNCILS BILL

It Has Passed Its Third Reading—The Commons Adjourns.

LONDON, Jan. 13.—In the House of Commons Sir Ellis Ashmole Bartlett asked the Government if Russia had ordered the construction of three new battle ships, the number of Russia's battle ships, built and building, up to seventeen.

Sir U. Kaye-Shuttleworth, Parliament Secretary of the Admiralty, replied that it was not desirable that any official statement be made until the British estimates for the coming year are completed.

Sir Ellis Ashmole Bartlett then asked if it was a fact that in the course of 1894 France and Russia would build sixteen new battle ships, while England would build only the three that had just been commenced.

The Secretary replied that he must ask the House to wait the announcement of the Admiralty's programme.

Referring to Mr. Thomas Sexton, the Right Hon. John Morley, Chief Secretary for Ireland, said that he could not state in exact terms the scope of the enquiry of the committee to be appointed at the next session to inquire into the working of the Irish Land Purchase Act.

To speak generally, the committee would inquire into the operation of the fair rent clause of the Act and into the purchase of land on distress made by the public treasury.

Mr. Gladstone moved that the House adjourn to February 12.

The report stage of the Parish Councils bill was finished at midnight, and Henry Fowler, president of the Local Government, who has had the bill in charge, moved at once the third reading.

Mr. Gladstone, Chancellor of the Exchequer in the last Salisbury Cabinet, said for the Unionists that only the jointed state of the House caused the opposition to refrain from debating this reading. He predicted that the bill would be passed in the bill shortly before allowing it to become a law.

The bill was passed and read Liberal cheers and the House adjourned until February 12.

PORT TOWNSEND, Wash., Jan. 13.—U. S. Marshal Porter of Alaska, has issued orders to his deputies to arrest every white man known to have formed illegal marriage relations with native women. As a result of this order nearly every man on the island is in jail.

PORT ELIZABETH, Jan. 13.—On Wednesday morning between 5 and 6 o'clock the bark and contents of Mr. Hille, a farmer, near Turner's Station, was destroyed by fire. Loss about \$1,000. Insurance, \$1,000.

MONROVIA, N. B., Jan. 13.—A disastrous fire occurred at Shadish, N. B., yesterday, totally destroying Harper & Webster's shoe factory and contents, together with other warehouses and houses and barns of C. E. Galland adjoining. The factory was insured for \$15,000. Loss estimated at \$20,000. The origin of the fire is unknown.

CUMBERLAND, Me., Jan. 13.—Fire yesterday swept the town of Davis, Tucker County, West Virginia. Several large stores, two dwellings, one opera house and large stock of lumber were destroyed. Loss \$75,000.

BUFFALO, Jan. 13.—The Young Men's Christian Association building, cor. Mohawk and Pearl streets, was damaged by fire and water at midnight to the extent of \$20,000, fully covered by insurance. The building, cor. Terrace and Franklin streets, occupied by John Gleason, grocery, and Webster's job printing office, was partially destroyed by fire. Loss \$15,000.

A Story of a Frank Once Flashed Upon a Distinguished Colleague.

Appropos of the late Sir William Smith, The London Christian World tells a story of a famous prank once played upon him during his professorship at New College.

As a rule, he was to be joked with, as a rule, but on this occasion he was fairly "had" by an audacious student. On a winter's day, during an interval between classes, some of the men had been amusing themselves by snow-balling in the rear court. Just before the bell rang for the doctor's next class, one of them, "greatly daring," caught up a snowball, ran with it to the class room, and, standing on the professor's rostrum, threw it with beautiful accuracy to the ceiling, where it stuck exactly above where the learned doctor's head would come.

In another minute the bell rang, the class assembled, and the stately form of the classical tutor appeared. Seating himself at his desk, he called on the first man to contrive. Scarcely had a sentence been got through when a drop of water came "pat" from above on the professor's cranium.

No notice was taken of this, but when another quickly followed the doctor looked up, his gaze being followed by that of the class. Those fortunate enough to have been present will not to their dying day forget the tableau. The professor was furious, the men were in convulsions. Terrible threats were issued, "scold" every student in the place knew who the offender was who had dared thus to offend the majesty of learning in his own rostrum, his name never reached the ears of authority.

BEHAVIOR, MONDAY, JAN 15

OUR NEW RULES.

Major Wainwright and the Aldermen

electors for the ensuing city year were to-day installed, according to law.

The Mayor, in a brief but comprehensive

inaugural, made out a large number of

points and made some suggestions

which are worthy of serious consideration

—particularly that as to an electric street

railway. Let us hope that the deliber-

ations of the Council may be so

and their labors contribute to the public

benefit.

Coughing Leads to Consumption.

Kemp's Balsam stops the cough at once.

CANADIAN BUTTER.

Commenting upon the excellent address

delivered by President Derbyshire at the

meeting of the Creameries Association in

this city, it is remarked by a contemporary

that the improvement in the quality of the

Canadian cheese has been followed by an

improved market, not only as regards the

price received, but as to the quantity dis-

posed. With better, what is more

materially sound. There is no article of

food the consumption of which is so

much increased by improvement in

the quality as butter. Not only the

home, but the foreign market is constantly

calling for more of this article, it is to be

Canada's present butter exports are valued

at about a million dollars a year. Denmark

said to England in 1892, \$18,000,000 worth.

The improvement in steam navigation

has reduced almost to nothing the distance

which Denmark's nearest to Great Britain

gives it over American countries. It is quite

reasonable to look for results in the de-

veloping butter trade as equally satisfactory

in their way as have arisen from the de-

veloped cheese trade.

THAT "INTOLERABLE BURDEN."

The proportion of food collected to the

total population for consumption in this

country is shown in the following table:

Entered. Daily. Per cent.

1893. \$121,705,030 \$21,561,171 17.4

1892. 118,978,943 20,550,681 17.5

1891. 115,245,124 19,721,260 17.1

1890. 112,705,548 20,464,770 18.1

1889. 105,639,428 22,609,705 21.2

The percentage of customs revenue to

population has been:

CUSTOMS RATE PER HEAD.

1893. \$4.26 1892. \$4.25 1891. \$4.25

1890. \$4.26 1889. \$4.26 1888. \$4.26

The taxation last year was about a

head less than ten years before, a

clear evidence that the pressure of an in-

tolerable burden being laid upon the

people is utter nonsense. In 1875, nearly

twenty years ago, the per capita rate was

only thirty cents less than now, which sum

measures the charge levied on the

structure of the great railway system

brought into existence, in the enlargement

of the canal, and in the prosecution of

other important public works that have

been undertaken.

AN AMERICAN KIDNAPPED.

Mysterious Disappearance Near Paris

of a Young American.

SUPPOSED TO BE HELD FOR RANSOM.

Active Searching of the Police Failed

to Discover Any Clue to His Where-

abouts.

Paris, Jan. 15.—The Mother Superior

of the Convent of La Madeleine, at

Columbus, a suburb of Paris, has

been interviewed with a view of learning if

any new child had been born in the

convent during the last year. The

Mother Superior, the young American,

who family live in New York, and who

mysteriously disappeared on New Year's

day from the St. Lazare railway station

Young Wheeler was a pupil in the Pen-

sion of Notre Dame de Sacre Coeur and

had started to go to the convent in Col-

lomb, and his cousin, Carrie Boothby,

who is at school at the convent in Col-

lomb, but since then no trace of him has

been found.

It was, of course, known among the

convent's friends that he was a pupil, and

it is the impression at the convent that

he was kidnapped by some person who

was holding him for a ransom. The

Mother Superior said that though an

active police search has been conducted

for his whereabouts, no clue has been

found.

appeared in your columns on Friday

evening as to know nothing, but what

he leaves for the year. It is very

well to inform him that Patrick Hayes

POWER-MACRIE NUPITALS

Celebrated at St. Michael's Church this Morning.

A happy event occurred at St. Michael's church this morning, it being the marriage of Mr. Thos. P. J. Power, Manager of the Queen's hotel, to Miss Helen T. Macrie, second daughter of Mr. James Macrie, proprietor of the Dominion hotel. The groom arrived at the altar at 4:30, accompanied by the groomsmen, Mr. W. T. Clarke, of Toronto, his cousin, and Mr. J. J. Power, brother of the bride, who were joined by the bride on the arm of her father, and Miss Helen Macrie, sister of the bride, who did the honors of bridesmaid. After the marriage ceremony had been performed by Mons. Parrelly, high mass was celebrated. While the bride party was leaving the church Mr. J. N. Doyle, organist, played a beautiful wedding march. The church was well filled and many of the friends and others pressed around the bridal carriage to catch a glimpse of the bride. The party drove to one of the Dominion houses, where a sumptuous wedding breakfast was served. The happy couple left on the 11:55 a.m. train for Toronto and Niagara Falls for a short trip. Only a few relatives and intimate friends of the contracting parties were invited. The bride was the recipient of an array of beautiful costly presents, while the groom was well remembered. The employees of the Queen's hotel presented Mr. Power with a beautiful watch, a token of their esteem for him. The bride presented her friends with many beautiful gifts. SOME OF THE MONEY FOUND.

The Police on the Track of Pastier Tarnier with Fictitious Names.

Through the honesty of Mr. O. Keefe, which incident was mentioned in these columns yesterday, and a boy whose name was not ascertained, between \$30 and \$40 of the money stolen from Mr. Francis Taylor on Saturday evening has been returned. There are still missing a \$50 bill and a \$20 bill and some of smaller denominations. Should any honest persons have found this money they would confer a favor on the police by leaving it at the station for identification by Mr. Taylor. The victim of the robbery lived in this city in 1887-88 and is probably known by some of the residents. He removed from here to Pictou, where he carried on business as a butcher for about fifty years. Taylor, Street Surveyor, and is now an old man unable to earn a livelihood by his own means, with the money money to start in some small business that would support him.

William Thomas last night found another \$5 bill of American money near the G.T.R. station.

It is understood that some of the principal witnesses for the Crown have been arrested by parties and the interests of the prisoner. If these persons are apprehended they will be dealt with severely.

The alleged highway robber, who was not concealed in Page's barber shop, as might have been supposed from the account in this paper given in yesterday's issue, was simply sitting in the shop, and had been in and out two or three times during the morning, and was not seen after 7 o'clock.

SKODA'S LITTLE TABLETS

Cure Headache and Dyspepsia.

Caned, but not Seriously Hurt.

Mr. L. O. Pascoe has been President of the I.O.O.F. band for over four years, but is retiring and the band took occasion last evening, when Mr. Pascoe was winding up the business, to present him with a beautiful gold-headed ebony cane, accompanying which was the following address, read by Mr. John P. O'Brien, on behalf of the band.

BELLEVILLE, Jan. 16th, 1894.

L. O. Pascoe, Esq.:

DEAR SIR,—As you have found it necessary to resign the Presidency of the band, during which time you have always been willing to counsel with us in the interest of the same, we feel we cannot let you sever your connection in that capacity without giving some proof of the esteem in which you are held by us. We therefore take this opportunity of presenting you with this walking cane as a small token of the appreciation of the association with which you have been so long connected, and in your daily walk may it recall to your mind the many pleasant hours we have spent together.

Wishing yourself and family long life and prosperity, I remain, on behalf of the I. O. O. F. Band,

Yours respectfully,

JOHN P. O'BRIEN, Sec.

On the head of the cane was the following inscription: "Presented to L. O. Pascoe by the members of the I. O. O. F. Band on retiring from office as President, Belleville, 1894."

Mr. Pascoe was completely surprised, but made a few feeling remarks, in which he thanked the members for their uniform kindness and said although he was leaving Belleville he was willing to do so anything to further the interests of the organization.

MISSIONARY WORK IN THE NORTHWEST

Interesting Letter from a Lady well known in Belleville.

ROSELIE MERRISON.

NORWAY HOUSE, N.W.T., Dec. 18, '93.

DEAR MISS WILSON,—I am, I fear, very negligent and slow in showing some of my friends my true appreciation of their interest and anxiety in my behalf. I have now an opportunity of writing home by a chance steamer, and cannot let it pass without writing you, my dear friend.

In the first place, I am so grateful to you and the ladies of our Missionary Society at home, that they do think about and pray for me up here in our lonely home. It is a great comfort and help to me to know that I have true Christian loving friends at home holding me up to God in prayer. Oh, may your prayers be answered, and may your work here be blessed and strengthened as you plead for us. He needs the prayers, and we are so very weak, without the blessing and grace of God. Truly, without Him we can do nothing. I love to think that the working Christians at home and who are working here, are in the bonds of loving sympathy, one as co-workers with Christ, and one as children of the great King. Let us "work and not grow weary, let us walk and not faint." It gives me inspiration and courage when I think of the many ladies all over the land who are really God's chosen ones: we are honored, or are blessed. May God lead us to remember this, and thank Him more for our work, our responsibility, and our opportunities for good. The work is going on about as usual. My husband, Doctor Strath, has had some work this year so far, on account of the death of our Missionary in the spring. No one has as yet been permanently appointed to take his place; but we have been able to be relieved about Xmas time by a man who is to be sent up here to take part of the work.

In the school this fall I had a class of about 20 or 22 boys and girls learning to knit. They were very fond of it, and were quick at learning, and it would do you good to see the number of little stockings, mitts, and cuffs which, with a little help, the children made. They seem to prize them much more when they make up the master, than the little presents, especially for the ladies. In fact, it is given them. Some of the young girls want their dresses to be better, and often call in to help in that way. Just this week I cut a pattern for a young girl. I am glad to see this in the world. It is an ambition of some kind at least. I would that they were ambitious in other ways. But we must work the harder, and plan to help them all we can. We have been busy of late practicing for our Xmas Tree. I am teaching the little ones some very simple songs. We are to have a good time this year I hope. Kind friends have given us a number of nice little presents, especially for the children. The poor little black eyes will shine with delight I am sure, and we will be just as happy in seeing them glad.

The box of clothing which the ladies of Halloway at Church Auxiliary so kindly sent us was indeed very welcome. It was the very best box of that kind that has ever come to us, I think. Everything in it was good, really, everything so suitable and useful. I would like to tell where each article went to, but it is impossible. The pretty quilt the ladies made were given to the widows. Only the poorest and most helpless were given charity, as it encourages the strong and well to labor; but there are always so many needy ones that we never seem to have too many clothes for them, and they, of course, fancy they need more yet. And now I must thank you personally, dear friend, for the beautiful quilt you so kindly sent me. It was indeed a useful wedding present; and came in time of need; for such things here are very scarce; and unless I worked it myself, I could not possibly get it. I will keep it long in remembrance of all those many others of the ladies sent me some very useful things, and I intend to write to each one personally as of course their kindness and interest deserves.

I sincerely hope you are all well, and prospering in the new year. May your Christmas and Happy New Year, I remain your friend Dr. Strath.

(See Miss Rose SWAZE).

P.S.—Glad to hear of the success of the ladies of our Mission Society.—R.S.

A Home for Somebody.

An old resident of Hastings Co., now living in Manitoba, whose wife has become insane and placed in the asylum, writes us that he has been left on a farm with two children, one six and one three years old, and he would like to obtain a female servant of not less than 15 years of age, who would go to Manitoba and be his housekeeper. He would pay her passage from Belleville and let her repay him with her wages, and treat her as his own daughter. The party is a Protestant, a Methodist, and a total abstainer from his entire youth. He would invite correspondence from any willing to go and will give full particulars. All letters to be addressed P.O. box 98, Minneapolis, Manitoba.

Death of a Priest.

Rev. Father O'Brien, of Merrickville, died on Friday night. He caught cold while attending a sick person, and died on the fatal illness. Father O'Brien was ordained by Archbishop Lynch about 14 years ago. He was priest at Kingston, Frankford, Morrisburg and Merrickville, and was thirty-six years of age.

Presentation.

Last evening a pleasant surprise was afforded Bro. Rodhouse, Sec. of the A.O.F., when Past Chief Ranger G. Delmage on behalf of the members of Order Quilley presented him with a very handsome Columbia rocker as a token of esteem and respect.

Bro. Rodhouse, although taken by surprise, replied in a very suitable and feeling manner.

with the large deposit of gold, iron, and
mercury in the country.

NOT LESS THAN COST.

The public should think twice in buying
any kind of goods. Does it seem reason-
able that a firm can sell goods at less than
cost? And yet we find lots of stores ad-
vertising just such things. The fact is
they are not to give away goods, but to
draw them to the store. The fact is that
they can do so in Belleville, but we do not
know how they pay for them.

EX-MAYOR'S BANQUET.

A BRILLIANT FUNCTION IN EVERY PARTICULAR.

Capital Messrs. Able, Speaker and friend
of the City, a fitting termination to
the Municipal Year of 1893.

Ex-Mayor Wallbridge banqueted the
council, and other officials, his intimate
friends and the press, at the Anglo Ameri-
can hotel, on Wednesday evening, Jan. 17.
The banquet was a most successful one,
and the usual toasts, speeches and songs
were given and responded to. A feature
of the evening's entertainment was the
many kind words spoken of the retiring
Mayor. The ex-Mayor counted the mayor
on his right were Messrs. Corby, M.P.,
Mayor Wallbridge, on the left were W.
H. Bigger, M.P.P., and J. B. Finlay, M.P.
City Clerk D. B. Robertson presided over
the banquet, and the banquet was a most
successful one.

The Queen, "God Save the Queen,"—
company.

"The Dominion and Provincial Parlia-
ment, coupled with which were the names
of Messrs. H. Corby, M.P., and W. H.
Bigger, M.P.P. Mr. Corby complimented
the Mayor on the way he had filled the
chair for the past year. In the
course of the banquet the Mayor
Parliament had done much for Ontario, and
the D. & P. Institute was one of the great
contributions to the Dominion. The Mayor
said that the Dominion Parliament had
also done much for Canada in the
past year. The two great railways which it
had assisted to build and the "Boo" canal, which
it was now completing, were of service to
the Dominion. What was needed now was
a fast Atlantic mail service if we
were to compete successfully with our
neighbors to the south. He thanked the
ex-Mayor and the company for the hearty
welcome in which they had honored the
toast.

Mr. W. H. Bigger, M.P.P., made a most
pleasant and interesting speech on the
manner in which he had filled the
chair which he had just vacated. In speak-
ing of civic duty, he thought it was a bad
policy to reduce the salaries of our civic
officials when we had such men as our
Mayor. He said that he had seen many
officers do their duty honestly and effi-
ciently for the honor they had done
the present company should be pro-
tected as long as they did the right thing
for the city. In the matter of political
parties he thought things were much muddled
up so that many parties in the field. As
for himself, he would let them fight it out
among themselves, as he did not intend
to seek re-election. He thanked those
present for the hearty welcome they had
done the parliament of which he was a member.
Mr. B. Burrows, ex-Mayor, said "The Union
Jack of Old England."

"Our Country," coupled with which were
the names of Ex-Mayor Bigger and J.
B. Finlay, was the next toast and brought
to their feet two men who are so well
known as eloquent speakers and would
gladly have been heard by superlatives. Mr.
Finlay denounced the P.P.A., saying that
any man who could speak so well was
an enemy to this country. Mr. Bigger
referred to the progress of Canada in glowing
terms and said he should be proud of the
many privileges we enjoy.

Mr. J. Bigger, ex-Mayor, said "The
Mayor and his Corporation" was re-
sponded to by Mayor Wallbridge, Ald.
Diamond and Doyle.

The Mayor said it afforded him much
pleasure to be present. We should always
speak up for our beautiful city. Belleville
and not the other. He said that he had
troubles and he predicted an era of prosper-
ity. He believed we had a good coun-
try. He said that he had been told that
the railway if not private individual or com-
pany came forward to do it. We should
have C.P.R. connection and if we had
it there was no limit to the possibilities of
our city's future. He congratulated the
Mayor on the coming year and his future
partial manner in which he had conducted
the duties of Chief Magistrate for the past
year.

Ald. Diamond and Doyle spoke briefly
for the corporation.

Mr. Holmes sang "After the Ball."
"Our Commercial and Industrial Inter-
ests" was ably responded to by Ald. Pon-
ton, Mr. J. W. Johnson and L. W. Yer-
mans and we regret that space will not al-
low us to reproduce their speeches. Mr.
Johnson spoke strongly on "Chinese labor
and \$500 City Clerk" and said we wanted
one of it. Ald. Ponton said he had de-
clared to secure the establishment of
large industries here, but he had come to
the conclusion that our prosperity lay in
the development of our natural resources.
He hoped to see every citizen booming the
coming B. of Q. celebration. Mr. Yermans
said we should work intelligently and har-
moniously for the prosperity of our city. Some
speeches were also made by Mr. J. B. Finlay
and Mr. J. B. Finlay sang "Clickety on the
Heath."

Mr. "Huron Commissioner" was ably
responded to by Mr. Geo. Wallbridge and
Ald. Collins.

Mr. S. Lennox sang "Bohemian and
Bohemian."

"The Ladies" was responded to by our
genial City Clerk, who sang "Maggie's" by
his side.

Chief of Police Newton sang "Poor Old
Joe."

Mr. J. W. Johnson proposed the toast
of the "Ex-Mayor," to which Ex-Mayor
Wallbridge responded in a most speech.

Mr. W. H. Bigger, M.P.P., proposed
the toast of "Our City Clerk" in a com-
plimentary speech, to which Mr. Robertson
responded in fitting language.

"Our Firemen" was proposed by Mayor
Wallbridge and responded to by Chief Collins.
The evening's proceedings were closed by
singing the National Anthem.

In order to be healthy this is necessary.

THE HOTEL "QUINTE."

BELLEVILLE HAS NOW FIRST-CLASS ACCOMMODATION FOR THE TRAVELLING PUBLIC.

A Minute Description of the Exterior and
Interior of the Hotel—Its Construction—
The Architects and Contractors.

The Hotel "Quinte" is now practically
complete and a cordial "welcome" to the
palatial haven will be of interest to every
progressive citizen of Belleville. The
contractors, Messrs. H. Corby, M.P., W. H.
Bigger, M.P.P., U. C. Thompson, Thos.
Rickle, John Bell, Q. C. Col. Leslie
and D. M. Waters, have had
many difficulties to surmount, and that
they have succeeded in having erected one
of the nearest, most convenient, and most
modern hotels in Canada must redound
to their credit.

The architects, Messrs.
Gillen & Gillies, the contractor, Mr. Geo.
Watson, and sub-contractors have done
excellent work and the hotel stands a
monument to their skill.

The building is of a simple and modest
design and presents a good appearance from
the street. It is situated on the
corner of Bridge and Pinnacle
streets, (the site of the old Dufresne
House and site 20 ft. back from the street,
line, having a frontage of 98 feet on Bridge
street and 116 ft. on Pinnacle street. A
wide entrance from the Pinnacle street
front so as to form an open court in rear,
and by this means every room in the build-
ing is well and efficiently lighted. The
foundation is constructed of Point Anne
sand laid in rock faced random work, with
cut stone plinth and rises about 8 ft. above
the level of Pinnacle street. The super-
structure is of stone in light and of brick—
the two fronts being of the cele-
brated "Don Valley" pressed brick of a rich
terra cotta color, with cut stone and terra
cotta trimmings. The roof is pitched to
the court in rear, covered with galvanized
iron and the water is taken off by suitably
arranged conductors to the drain. On the
Pinnacle street side an open square tower
is carried up about 40 feet above the roof
and is surmounted with a flag staff. The
floor space of tower is 16 ft. by 24 ft. It
has been fitted up with all conveniences—
electric bell, light and speaking tubes, &c., and
in the tower main hall will form one of the
best seats of the house. A magnificent
view of the bay and city is obtained
from the tower, and entrance on
Bridge street, which leads to the office, has
a portico supported on columns built of al-
ternate courses of red and white pressed
brick and surmounted with terra cotta
finials and cornices. The latter entrance is
on Pinnacle street and has also a portico
built similar to the one on Bridge street.
Both entrances are of an elegant design,
massive and stately, and form one of the
chief features of the building. To the east
end of the building is an independent en-
trance to the barber shop and also to
van entrance.

The basement is to be used for sample,
billiard, and furnace rooms and service
rooms, having area entrances to all the
rooms, so that all baggage, &c., may be taken
in any of the sample rooms without passing
through the ground floor. The floors in the
basement are of Portland cement. The
laundry and servants' quarters are under
the kitchen. In the hall of the servants'
quarters is a clothes-chest that extends up
through the building and opens on the
different floors, so that linen, etc., may be
dropped or raised to and from the
laundry. The laundry is fitted
up with stationary tubs, &c. The
building is heated throughout with hot
water pipes & King-White Day boilers.
All ovens in basement hang from the ceiling,
thus saving floor space. All other floors
(except office and dining room) have Safford
radiators. Office and dining room have
screeded oaks and marble slabs in addition
to radiators.

The kitchen is 36 ft. by 24 ft. 14 ft.
ceiling, and is cut off from the dining room
by two pairs of double sliding doors. The
kitchen is fitted up with two large galv-
anized iron hot water boilers, which are
supplied with hot water and heated on
different floors. The kitchen and furnace
floors are laid with terra cotta flag tiles.
There is a sink to carry off the grease
from the range. The walls of the kitchen
are finished in Portland cement, so that the
walls may be, if necessary, cleaned down
with hose. The sink is 5 ft. long with
back 20 in. high and supplied with
hot and cold water through four taps.
East of kitchen is servant's dining room
and store room with stairs leading to
basement and first floor.

The dining room is 37 ft. by 46 ft. 14
ft. ceiling, and is cut off from the kitchen
by a large double sliding door. The dining
room is fitted up with two large galv-
anized iron hot water boilers, which are
supplied with hot water and heated on
different floors. The kitchen and furnace
floors are laid with terra cotta flag tiles.

East of kitchen is servant's dining room
and store room with stairs leading to
basement and first floor.

The principal entrance to the office, which
is on the corner of Bridge and Pinnacle
streets, is from Bridge street, and is con-
nected with the main hall and entrance to the
dining room by a large double sliding door.
The office is 42 ft. 4 in. with paneled and
carved ceiling. On the south side
of the office is a large old fashioned fire place
with carved wood overtop and large semi-
circular mirror. Situated in the north-east
corner of this room is the counter, which is
also a fine piece of work; from this
point are doors leading to the court and
bar room. South of the counter facing
the court is a writing room. This room is
lighted with large plate glass windows.
The check room is near the counter. From
office to rear end of building is a wide
corridor leading to bath, club and toilet
rooms, barber shop and basement. The
store room is on the first floor, and is
open, having bevelled plate glass in the
top panels. All window frames in office
have plate glass except where on either
side of the main entrance, which are art
glass.

The building is wired throughout for
"return call" and fire alarm bells, the
annunciator being located behind the
counter in office.

The toilet room is 12 ft. 6 in. and is a
corner room thoroughly ventilated. The
room is fitted up with four oval basins with
"tongue" waste and overflow counter, sink
with marble slab and backed with marble slab
20 inches high. At the end of the room are
marble urinal stalls with automatic tank,
for number and of the most improved
design, having almost noiseless tanks. The
toilet room is of the most modern
design, having almost noiseless tanks. The
toilet room is of the most modern
design, having almost noiseless tanks.

There is a grating and trap in the
marble floor so as to allow it to be cleaned
regularly. All pipes in this room (where
exposed) are silver plated.

Facing Bridge Street are the barber shop
and bath rooms, the latter having two of Booth's
bath tubs, and the bath room is fitted up
with a grating and trap in the marble floor
so as to allow it to be cleaned regularly.

TO SETTLE BY ARBITRATION

A Possibly Peaceable End to the

Braslian Insurrection.

PEIXOTO SUSPICIOUS OF HIS TROOPS

Report of an Important Rebel Victory.

Confirmation of the Report That Ad-

miral Melo Enlisted Recruits From

Constituent Island—The Strength of the In-

surgent Under General Saravia.

JOHN JAVIER, Jan. 19.—It is reported here that the government and the insurgent leaders have agreed to submit their differences to arbitrators for settlement.

It is stated that President Peixoto is becoming suspicious of the fidelity of his troops. It is also reported that the insurgents have captured Farnagosa and Fort Curitiba.

General Saravia, who is the leader of the insurgents, is reported to have been seen in Rio Janeiro on January 2, arriving yesterday.

The Aquilana visited the constituent island of the Aquilana, where he was seen by several prisoners and took all the available provisions, except enough to feed for five days.

The second proposition was one submitted by Tom J. Johnson, of Ohio, a large manufacturer of steel rails, for the steel rails on the free list.

In the course of the discussion which followed Mr. Dabell (D.C., Penn.) made some personal charges against Mr. Johnson's business methods. Mr. Johnson will reply to his allegations.

Yesterday was the day held last week by the committee of the House on Ways and Means on which to report to the House the internal revenue bill, but it had not been finally put in shape for presentation.

Five Per Cent. Bonds. The proposed issue of five per cent. bonds was the subject of two resolutions offered by the committee on the floor.

The resolutions came from Senator Peffer (Kan.) and Allen (Nebraska), and were to the effect that the bill be amended so that the issue of bonds be not more than \$10,000,000.

The Bay City and the Quinnes will play a match on the rink on Thursday evening from 7 to 9.

On Friday evening the Quinnes and Y. M. C. A. will play off the game postponed on Monday last on account of soft weather.

The game has been arranged with Napane to be played there next week by the Quinnes. The Winnipeg will probably play a game here with this team on their trip through Ontario.

The Limestone and Athletics, of Kingston, played a game of hockey on Monday evening and the former were victorious by 12-1.

Worked the Same Game.
The Brockville Times says: "Chief Rose had a letter from the chief of police of Belleville this morning in which he stated that Frank G. Rogers, arrested there on Saturday, worked the same game as the fully armed and dangerous one. It is thought Rogers' proper name is Frank Rogers, the first name, who escaped from Central Prison one week ago yesterday. As the Central Prison authorities have not communicated with Chief Rose about him, it is not known for a fact whether he is Green or not. However, he will have to go to his cell, and, if he turns out to be the man wanted in Toronto, he will be taken back to the Central to finish his term."

Mr. Martin gave notice of a by-law to appoint County Auditors, Auditors for the initiation of Justice Accounts, and High School Trustees.

The Council went into Committee of the Whole on Communications. Mr. Tivy in the chair.

The first matter taken up was the county printing.

The Clerk stated that he had, as instructed, asked for tenders from seven of the county papers and had received some answers marked tenders for county printing.

Communications were read from T. S. Oshawa, of the Ontario and the Limestone Pressing and Co., setting forth the advantages of having the printing done in the county.

A communication was read from the Deseronto News Company giving prices for part of the printing of the county.

The North Hastings Review also sent in tender for the whole of the printing in a lump sum of \$700. This tender included list of Conventions, Auditors' Report, and County Examination Papers.

Mr. Whytock said the motion for tenders had not been put in proper form and he had any bids to work on.

The Clerk stated that he had given all the information he had been asked for in connection with the work.

Mr. McQuarrie said that this matter was of interest to every member of this Council and he thought that every member should get all the information they could on the subject, and moved that it be laid over till to-morrow.

Mr. Desch told the matter should be referred to a special committee and moved, seconded by Mr. Whytock, that Messrs. F. Thompson, N. Vermilyea, J. Haggerty, Dr. F. A. Neilson, and the County Clerk, J. Holgate, and the mover and second, be a special committee to consider the matter of the county printing.—Carried.

The communication from the Municipal Ward was taken.

It was moved and seconded that no action be taken in regard to the communication from the Municipal Ward.

With regard to the communication from the Prison Reform Association Mr. Verma said a majority of the managers of the county were not in favor of the establishment of a poor house in the county.

Mr. Verma said a majority of the managers of the county were not in favor of the establishment of a poor house in the county.

MADOC.
Last Thursday evening was the time set for the dedication of the new Organ Room known as the Downey Lodge of Ivashoe.

Messrs. Dowell and Wallace were to have been there, but circumstances, over which they had no control, prevented their coming, so the dedication was postponed until after the close of the year.

The evening's entertainment was fully carried out. After an excellent supper the audience gathered in the upper part of the church. Mr. James Haggerty, Reeve of the town, presided.

Madoc, was next called upon. The musical part was looked after by Mr. and Mrs. M. P. for North Hastings.

The chairman made a short address which was well received at its close. Mr. John Canney, ex County Master, was called upon for a speech. He made a short but interesting one and was received with great applause.

Mr. A. W. Carleton, the popular M.P. for North Hastings, favored the audience with an excellent speech and received round after round of applause.

U.S. FREE LIST EXTENDED.

TO EXCLUDE COAL OIL, BUT NOT FARM IMPLEMENTS.

The Internal Revenue and Customs Tax Bill introduced a reciprocal provision, in respect for free agricultural implements. A majority of 100 in favor of free coal.

Washington, Jan. 25.—By a majority of 100 yesterday the House of Representatives decided to put coal on the free list.

The movement was made by the Democrats representing the coal-producing states of Virginia, West Virginia and Alabama, and they were supported by the Republicans of the coal-consuming states.

The Republicans voted to retain the McKinley tariff, even though from New England, where it is heavily benefited by the reduction, taking a decided stand, and voting against the measure.

During the debate it was stated that a million tons of coal went to Canada last year, and after paying the duty and freight, the coal was sold at a profit of 10 cents.

It was an exciting debate, and at one point the House was divided 100 to 100 on the question of whether or not to place a duty on the coal.

Charles Wilson, however, changed the vote of 100 to 100 in favor of the free list, placing coal on the free list, a change of 10 minutes.

The House then passed the bill, and the Senate is expected to pass it soon.

The bill will be sent to the President for his signature.

of Cochran and Lockwood, but they could only be 13 in number, and the demand for the new tariff was not met.

While these proceedings were taking place, the Speaker's desk was crowded with excited representatives of the coal-consuming states.

THE BIG FIGHT.

Corbett Wins in the Third Round.

It Looked Like a Wicked Fight at First, But the Resulting Champion Was Overmatched. He Was Knocked Out in 9 Minutes.

RING SIDE, JACKSONVILLE, 1:10 p.m.—The platform of the regulation pattern, the hands of the stakes through which the ropes are run being heavily padded, on the edge of the platform and at a distance of about 3 feet from the ring is a strong barbed wire fence. Workmen are busy making arrangements for lighting the enclosure with gasoline should the contest be postponed. Only about one-half the enclosure is roofed in, and unless the rain, which has been falling all morning, ceases, the majority of the spectators will be drenched. There are no military men in, notwithstanding the cut rate offered to visiting referees.

The assembly is remarkably quiet. Ring Side, 2:10 p.m.—Corbett and Mitchell have arrived. Received with great enthusiasm.

TAKEN FIGHT. RING SIDE, JACKSONVILLE, JAN. 25.—FRANK ROYCE.—Mitchell gets in one on Corbett's neck. Jim lands right and left just as time was called. Mitchell landed a good body blow. Honors even. It looks as if it will be a wicked fight.

It was a wild exchange and a clinch. Corbett upper cut his man as they came together. Mitchell lands his right on the ribs, and as Mitchell came Jim caught him on the head, staggering him. Corbett upper cut Mitchell again, and lands with the right on Charlie's ribs, and as Mitchell came Jim caught him on the head, staggering him.

Jim Royce.—Mitchell comes up rather groggy. Corbett rushed at him, swings right and left heavily on Mitchell's neck. Charlie went down. He took the full time to rise and then Corbett rushed at him like a tiger. Mitchell clinched. Corbett threw him off and flared him with a stiff face. Again Mitchell took all the time to rise and when he recovered himself Corbett smashed Mitchell square on the nose. Mitchell reeled and fell on his face—helpless.

The referee counted 1, 2, 3, 4, 5, 6, 7, 8, 9, and Mitchell is

The referee declared Corbett winner of the match and champion of the world. Mitchell's face was covered with blood. He was carried to his corner in a helpless condition.

Time of fight, 9 minutes. It was all Corbett's battle, though Mitchell made a show in the last round. The men did not shake hands at the beginning of the fight. The referee called upon the men to do so, but neither responded.

What might have been a serious accident occurred last evening on Murray's hill. Foster & Foster's delivery wagon, in which were seven men, when the vehicle got the start of the horse and slewed into the ditch. The horse was thrown down, and the occupants of the rig piled in a heap.

The Central Prison is filled to overflowing. There are at present confined within its walls 142 offenders, and the supply does not seem to be diminishing. There are only 380 cells, and of the surplus the number of prisoners is greater than that, it becomes necessary to put two in one cell, a pernicious and troublesome plan.

Tea meeting on the following (Monday) evening. The choir will be assisted at all the services by Messrs. Lewis and Burrows. The Excelsior quartette will sing on Monday evening.

THE COUNTY COUNCIL.

THE BUSINESS OF THE SESSION PROGRESSING FAVORABLY.

A lengthy discussion on the Appointment of County Officials.—The Salary of Police Magistrate Clerk.—Other Notes of Interest.

WEDNESDAY AFTERNOON SESSION. Council resumed at 2 o'clock, the Warden in the chair.

Countess of the whole on Commemorative Honors resumed, Mr. T. H. in the chair.

The communication from Mr. Wilkinson, of Trenton School Board, with reference to petitioning the Legislature to amend the High School Act, was taken up.

Mr. Dench moved, seconded by Mr. McGarg, that the report be received and filed, and that the Council petition the Legislature for the proposed amendment.—Carried.

The communication from the Council of the County of Frontenac, asking this Council to join in memorializing the Legislature that the County Council be allowed to appoint all officers under pay from the county was read.

Mr. Vermyles said there was a misapprehension upon this subject. The sheriff was not a municipal officer and was only paid for services actually done for the county. The County Inspectors were not appointed by the government but half their salaries were paid by that body. He thought that there was nothing in the proposition and moved that no action be taken.

Mr. Dench said there was a grievance the officials under appointment of the Ontario Government got too much money from the people and he was prepared to go the Dominion Government for the same purpose. The county officials of this county are drawing from the people about \$2,800, he thought action should be taken.

The Warden contended that the people would be better served if the people had the electing power and the government the inspecting power.

Mr. Valen said good men should be paid good salaries. He understood the members of the Council were getting \$3 per day and mileage. Let us commence at home to cut down the salaries.

Mr. Dench thought the members of this Council were receiving none too much. He thought the Police Magistrate should be appointed by the County Council, and there were other officials that could be appointed by the county with benefit to the people.

Mr. Thompson moved in amendment, seconded by Mr. Haggerty, that the request of the communication be granted. Mr. Farley said the people of Hastings knew whether a man was capable of filling the office of the county. The officials of the county were receiving too much money. He argued that they should be appointed by the people.

Mr. Vermyles said he was in favor of the appointment system as carried out in England and not of the elective system. Mr. Thompson said we should have something to say as to the appointment of officials, when we had to build houses for them and supply them with light and fuel.

Mr. Haggerty said we pay the Clerk, Treasurer and Police Magistrate directly from the funds of the county and we should have something to say about their appointment.

Dr. Newton thought the county should have something to say about where this money went.

Mr. Dench asked the Council if the taxpayers were not capable of appointing of House Inspectors.

Mr. Haggerty thought it was one of the worst things the Government ever did to appoint House Inspectors. When the people appointed their own inspectors they received more money from the license than they do now.

Mr. Martin said a municipality should control the money raised in the municipality, less current expenses. He believed there were men in this county who could do the work of House Inspectors or Taxpayers at reasonable salary. He moved in amendment that the matter be laid over until tomorrow.

Mr. Montgomery said he thought the Council should hear the report of the appointment committee on the salary question and he seconded Mr. Martin's amendment. Several other gentlemen spoke on the subject but Mr. Martin's amendment being put it was carried and the matter laid over until tomorrow.

The communication from the County Council of the County of Carleton re the amendment of the Assessment Act was discussed at some length and the recommendations therein were carried with one exception.

On motion, the committee rose and reported progress and asked leave to sit again.—Granted.

Moved by Mr. P. P. Clark, seconded by Mr. Montgomery, that the following gentlemen be the committee on the appropriation of money towards other than county gravel roads: Messrs. Haggerty, T. H. Clark, A. Nicholson, Fleming, Valen, McComb, Hilton, Hanley, Holgate.—Carried.

County adjourned until to-morrow at 10 o'clock.

THURSDAY MORNING SESSION. Council met at 10 o'clock pursuant to adjournment, the Warden in the chair. The minutes of the previous meeting were read and confirmed.

COMMUNICATIONS AND PETITIONS. A communication from Mr. C. H. Clark, Police Magistrate, Bancroft, received and filed.

A number of petitions were read from inhabitants of the northern township asking that the courts be held in more convenient places.—Referred to Committee of the Whole on Ways and Means.

REPORTS. The Clerk read the report of the committee appointed to audit the accounts of the late Superintendent of Roads and reported.

Moved by Mr. Thompson, seconded by Mr. English, that the report be received and adopted and the account with Mr. Farahan's estate settled.—Carried.

The report of the committee appointed to inquire into the claim of Hiram and Bateman for damages was that no action be taken.—Received and adopted.

Mr. Martin moved the first reading of a by-law for the appointment of Auditors, Accountants and High School Teachers.—Carried.

Council went into Committee of the Whole on Ways and Means, Mr. Gladwin in the chair.

The petition from a number of the northern inhabitants re the holding of courts in more convenient places, was taken up.

An account from the North Hastings Teachers' Association was ordered to be paid.

Mr. Haggerty said the salary of the Police Magistrate should be paid, to enable him to hold courts in different places.

Mr. Clark said if Mr. Clark were appointed on salary he would not be an account of all fines and fees, and if he did it would be a benefit to the county. He thought if \$200 or \$250 were paid to his salary with the understanding that he received from fees and fines would be large.

Mr. Dench moved, seconded by Mr. Vermyles, that the Finance and Public Property Committee be instructed to obtain the opinion of the County Solicitor in reference to the legality of advertising the sale of lands in two papers and charging the same against the lands.—Carried.

The Warden wished whoever had charge the information to one of evening papers and used by it in an editorial, to correct the statement and save him the annoyance of making a statement of the facts.

The Council adjourned.

Another Harbinger. The Intelligence received today, post, post, another gentle harbinger of the winter, as season namely a sulphur battery in good order and condition and quite lively.

Neck-ties for 10c.; 50c. Ties for 25c. Remember this is a bona fide

---Clearing Out Sale---

The Stock amounts to \$30,000, and there is no reserve as we are closing out the entire stock. Goods all sold for cash, and no goods will be sent out on approbation, but if the party, for whom the goods are bought, is not with the purchaser at the time the purchase is made, money will be refunded if they do not fit.

GOUGH, THE CLOTHIER

Rational Tailoring NEVER

In our experience have had a better assortment of BEDROOM SETS. Our splendid hotel business was evidently the result of our plan of paying special attention to our own class of goods rather than trying to handle a little of everybody else's goods. TO DAY we begin stock-taking and will consider it a favour if our friends will kindly have accounts scored off, and begin a new leaf.

W. J. REID & CO. CRYSTAL HALL, Rous' Old Stand. London and Belleville.

We have a number of Scotch and Canadian Tweed Suits, which we have decided to offer at the following prices:

Suits worth \$19, \$20, \$22, FOR \$15.

Suits worth \$14, \$16, \$18, FOR \$12.50.

Pants worth \$6.00, FOR \$4.

These will be made up with good linings, and we guarantee the quality and fit.

This affords an opportunity to secure a first class suit cheap and even though you may not require a suit for immediate wear, it will pay you to buy these at the prices quoted.

Do not delay your work too long, with a stock like we always carry, and with the large number of little or no work to engage them, now is the time to have your work done and done properly. At the present writing we are in a position to undertake at once the contract to paper 500 houses, including every room in the house from the kitchen to the drawing room, and with the most modern effect. We have the latest schemes known to the Wall Paper world for facilitating the handling Wall Paper.

We can give you better attention now than during the rush later on in the spring; we can give you as close prices as you can get any time during the present year. We can show you over 1000 designs to choose from, and coupled with this you can get your paper hanger at an hour's notice.

Do not delay your house cleaning time; Paper Hanging is not simply house cleaning, it's house decoration, Ay! and furnishing too. Think it over!

(To be continued.)

Geo. Ritchie & Co. ONTARIO MUTUAL LIFE ASSURANCE COMPANY.

Has just closed its 24th year. The New business written exceeds THREE MILLION DOLLARS.

This is the largest amount of NEW BUSINESS written by the Company in a previous year, making the total in force over SEVENTEEN AND HALF MILLION.

The above figures bear substantial testimony to the continued and increasing confidence in

THE ONTARIO MUTUAL

And I am glad to state that this District contributed its full share to the above thanks to a few saving and appreciative policy. Let us hope that this, our 25th year, will be signalled by the greatest achievements ever yet accomplished by the District.

He was thought of the burn until about a week ago, when it became so painful that he was unable to walk. He was taken to the hospital, where he will undergo an operation. He is a son of Mr. David Carleton, of Hangerford.

AN ENJOYABLE EVENING.

Mr. Geo. E. Minna's Bible Class Entertain a Large Audience.

The annual concert of Mr. Minna's Bible Class, in Bridge St. Methodist church last evening, was greeted by a large and fashionable audience. An excellent program was provided, which, to judge from the rounds of applause, was well received. The evening's entertainment was opened by the Rev. E. N. B. Kier with prayer.

Among the many interesting numbers on the program, were several songs by Mr. R. A. Shaw, of Toronto, tenor, his renditions being given in a strong and rich voice.

Miss Jackson, of the Philadelphia College of Education, an eloquent and of the highest standard, was the leading attraction. She was dressed in a very appropriate Greek costume, and her eloquent and forceful efforts were much appreciated by the audience. Miss Jackson is graceful in person, modest in demeanor, natural in her poise, clever in her facial expression, and while artistic, she has none of the stiffness, which artists sometimes assume or learn in their training. Her first number last night was not one to put her in touch with the audience, and yet was so skillfully rendered as to captivate them. At each succeeding number she grew in their favor and achieved a reputation which will secure for her large audiences whenever she returns. All that the Toronto press had said of Mr. Shaw was fully born out; he has a rich, full, strong, sweet tenor voice, and to this the charms of a fine presence, distinct enunciation and an ease or abandon that makes it a pleasure to see him, even when talking his highest notes, as well as to hear him. Mr. Shaw's success was very pronounced, and he was enthusiastically following each selection and the extent of his repertoire was seen in the variety of the eight numbers he sang.

The following numbers composed the program: Grand solo, piano accompaniment, Mr. Person and Miss Hunter; Recitation, "Jack the Fisherman," Miss Jackson solo. Mr. R. A. Shaw—duet

ALL PER I

With this advertisement we commence the Wall Paper Campaign for 1894. We are going to make a hard, vigorous fight for a large measure of business in interior decoration, and by watching this space closely in the future, you will read some points on the practical decoration of a house that cannot help but put you in the way of fixing up your home, cheaply yet suitably and artistically too.

Approve to this, our first hint to you is to not delay your work too long, with a stock like we always carry, and with the paper hanging in little or no work to engage them, now is the time to have your work done and done properly. At the present writing we are in a position to undertake at once the contract to paper 500 houses, including every room in the house from the kitchen to the drawing room, and with the most modern facilities. We have the latest schemes known to the Wall Paper world for facilitating the handling Wall Paper.

We can give you better attention now than during the rush later on in the spring; we can give you as close prices as you can get any time during the present year. We can show you over 500 designs to choose from, and coupled with this you can get your paper hanger at an hour's notice.

Do not delay till house cleaning time; Paper Hanging is not simply house cleaning, it's house decoration, Ay! and furnishing too. Think it over!
